My name is Kevin Murphy and I am a highly skilled Graphic Designer offering my services to any business owner or client that seeks to boost his or her company's marketing capabilities. I have experience working in a fast paced, results oriented environment, and am more than capable of getting the job done.

Creative design has always been a passion of mine, and as a result I have dedicated quite some time to refining my craft. Starting with redrawing my favourite comic book characters as a kid (mostly ninjas), to taking as many art classes as possible in highschool, to earning my College Diploma and finally persuing a career in Graphic Design.
